

DANISH ALI

Full-Stack Developer | Backend, Data & CMS Systems
Dubai, UAE | +971-569458846 | danishali2cbsa@gmail.com |

PROFESSIONAL SUMMARY

Entry-level Full-Stack Developer with practical experience in Angular, Node.js, Python, PostgreSQL, and WordPress. Strong focus on backend development, REST API integration, database design, and scalable data handling.

Experienced in developing CRUD-based applications, building professional and e-commerce WordPress websites, and supporting data pipelines processing 10,000+ records. Seeking a Full-Stack or Backend Developer role in Dubai to contribute to real-world systems while growing in backend architecture and intelligent data processing.

TECHNICAL SKILLS

Frontend: HTML5, CSS3, Bootstrap, JavaScript (ES6+), Angular

Backend: Node.js, Express.js, RESTful APIs, Authentication & Authorization

Database: PostgreSQL, Relational Schema Design, CRUD Operations, Soft Delete Logic

Python & Data: Python, Web Scraping, Data Cleaning, CSV Data Processing

CMS & Web: WordPress, Professional Website Development, E-commerce Websites

AI & Prompt Engineering: Prompt design for topic selection and document generation

Tools: Git, GitHub, JSON Server, API Testing

PROJECTS

Large-Scale Web Scraping & Data Processing System (Python)

- Extracted product and review data from Amazon, Flipkart, and FirstCry
- Processed and validated datasets exceeding 10,000 records per run
- Structured cleaned data into CSV files for reporting and analytics

Contact Manager CRUD Application (Angular)

- Designed a CRUD-based contact management system
- Implemented soft delete functionality for recovery-friendly data handling
- Applied responsive UI principles using Bootstrap

Dynamic Data Table Application (JavaScript)

- Developed dynamic table logic with search, edit, and calculation features
- Simulated real-world admin dashboard behavior

WordPress Professional & E-commerce Websites

- Built professional business websites using WordPress
- Developed e-commerce websites with product management and payment-ready structure
